Email ____________________________
Graduation year ____________

Objectives

- Discuss the impact of leadership challenges in today’s healthcare environment.
- Describe critical elements of leadership that span educational and generational boundaries.
- Recognize and gain insight into opportunities for healthcare leaders.

Featured Speaker:

Patricia Benner, Ph.D., R.N., FAAN
(Attending via live video)
Dr. Benner is a professor emerita at the University of California School of Nursing. She is a noted nursing educator and author of From Novice to Expert (Prentice Hall, 1984). She is director of the Carnegie Foundation for the Advancement of Teaching National Nursing Education Study. Dr. Benner is designated as a Living Legend of the American Academy of Nursing. She is a prolific writer and co-author of numerous books.

Patricia Hooper Kyriakidis, Ph.D., R.N.
NovEx Novice to Expert Learning, Nashville, Tennessee
Dr. Kyriakidis has worked to radically transform education, clinical thinking, reasoning and practice readiness. Practice readiness requires necessary knowledge, challenges in unprompted ways, problem recognition and problem solving. She has developed analytics that revolutionize understandings about learners’ thinking, reasoning and judgment. Patient safety demands preparing practice-ready nurses—the major challenge of the future.

Beverly Malone, Ph.D., R.N., FAAN
CEO, National League for Nursing (NLN)
Dr. Malone’s tenure at the NLN has been marked by a retooling of the League’s mission to reflect the core values of caring, diversity, integrity and excellence, and its ongoing focus on advancing the health of the nation and the global community.
